

# Make The Right Call For Your Consultation Business

A web and app-based solution to manage it all with consistent branding.

## Problem

01

Customers of service industry are preferring online solutions over meeting in-person.

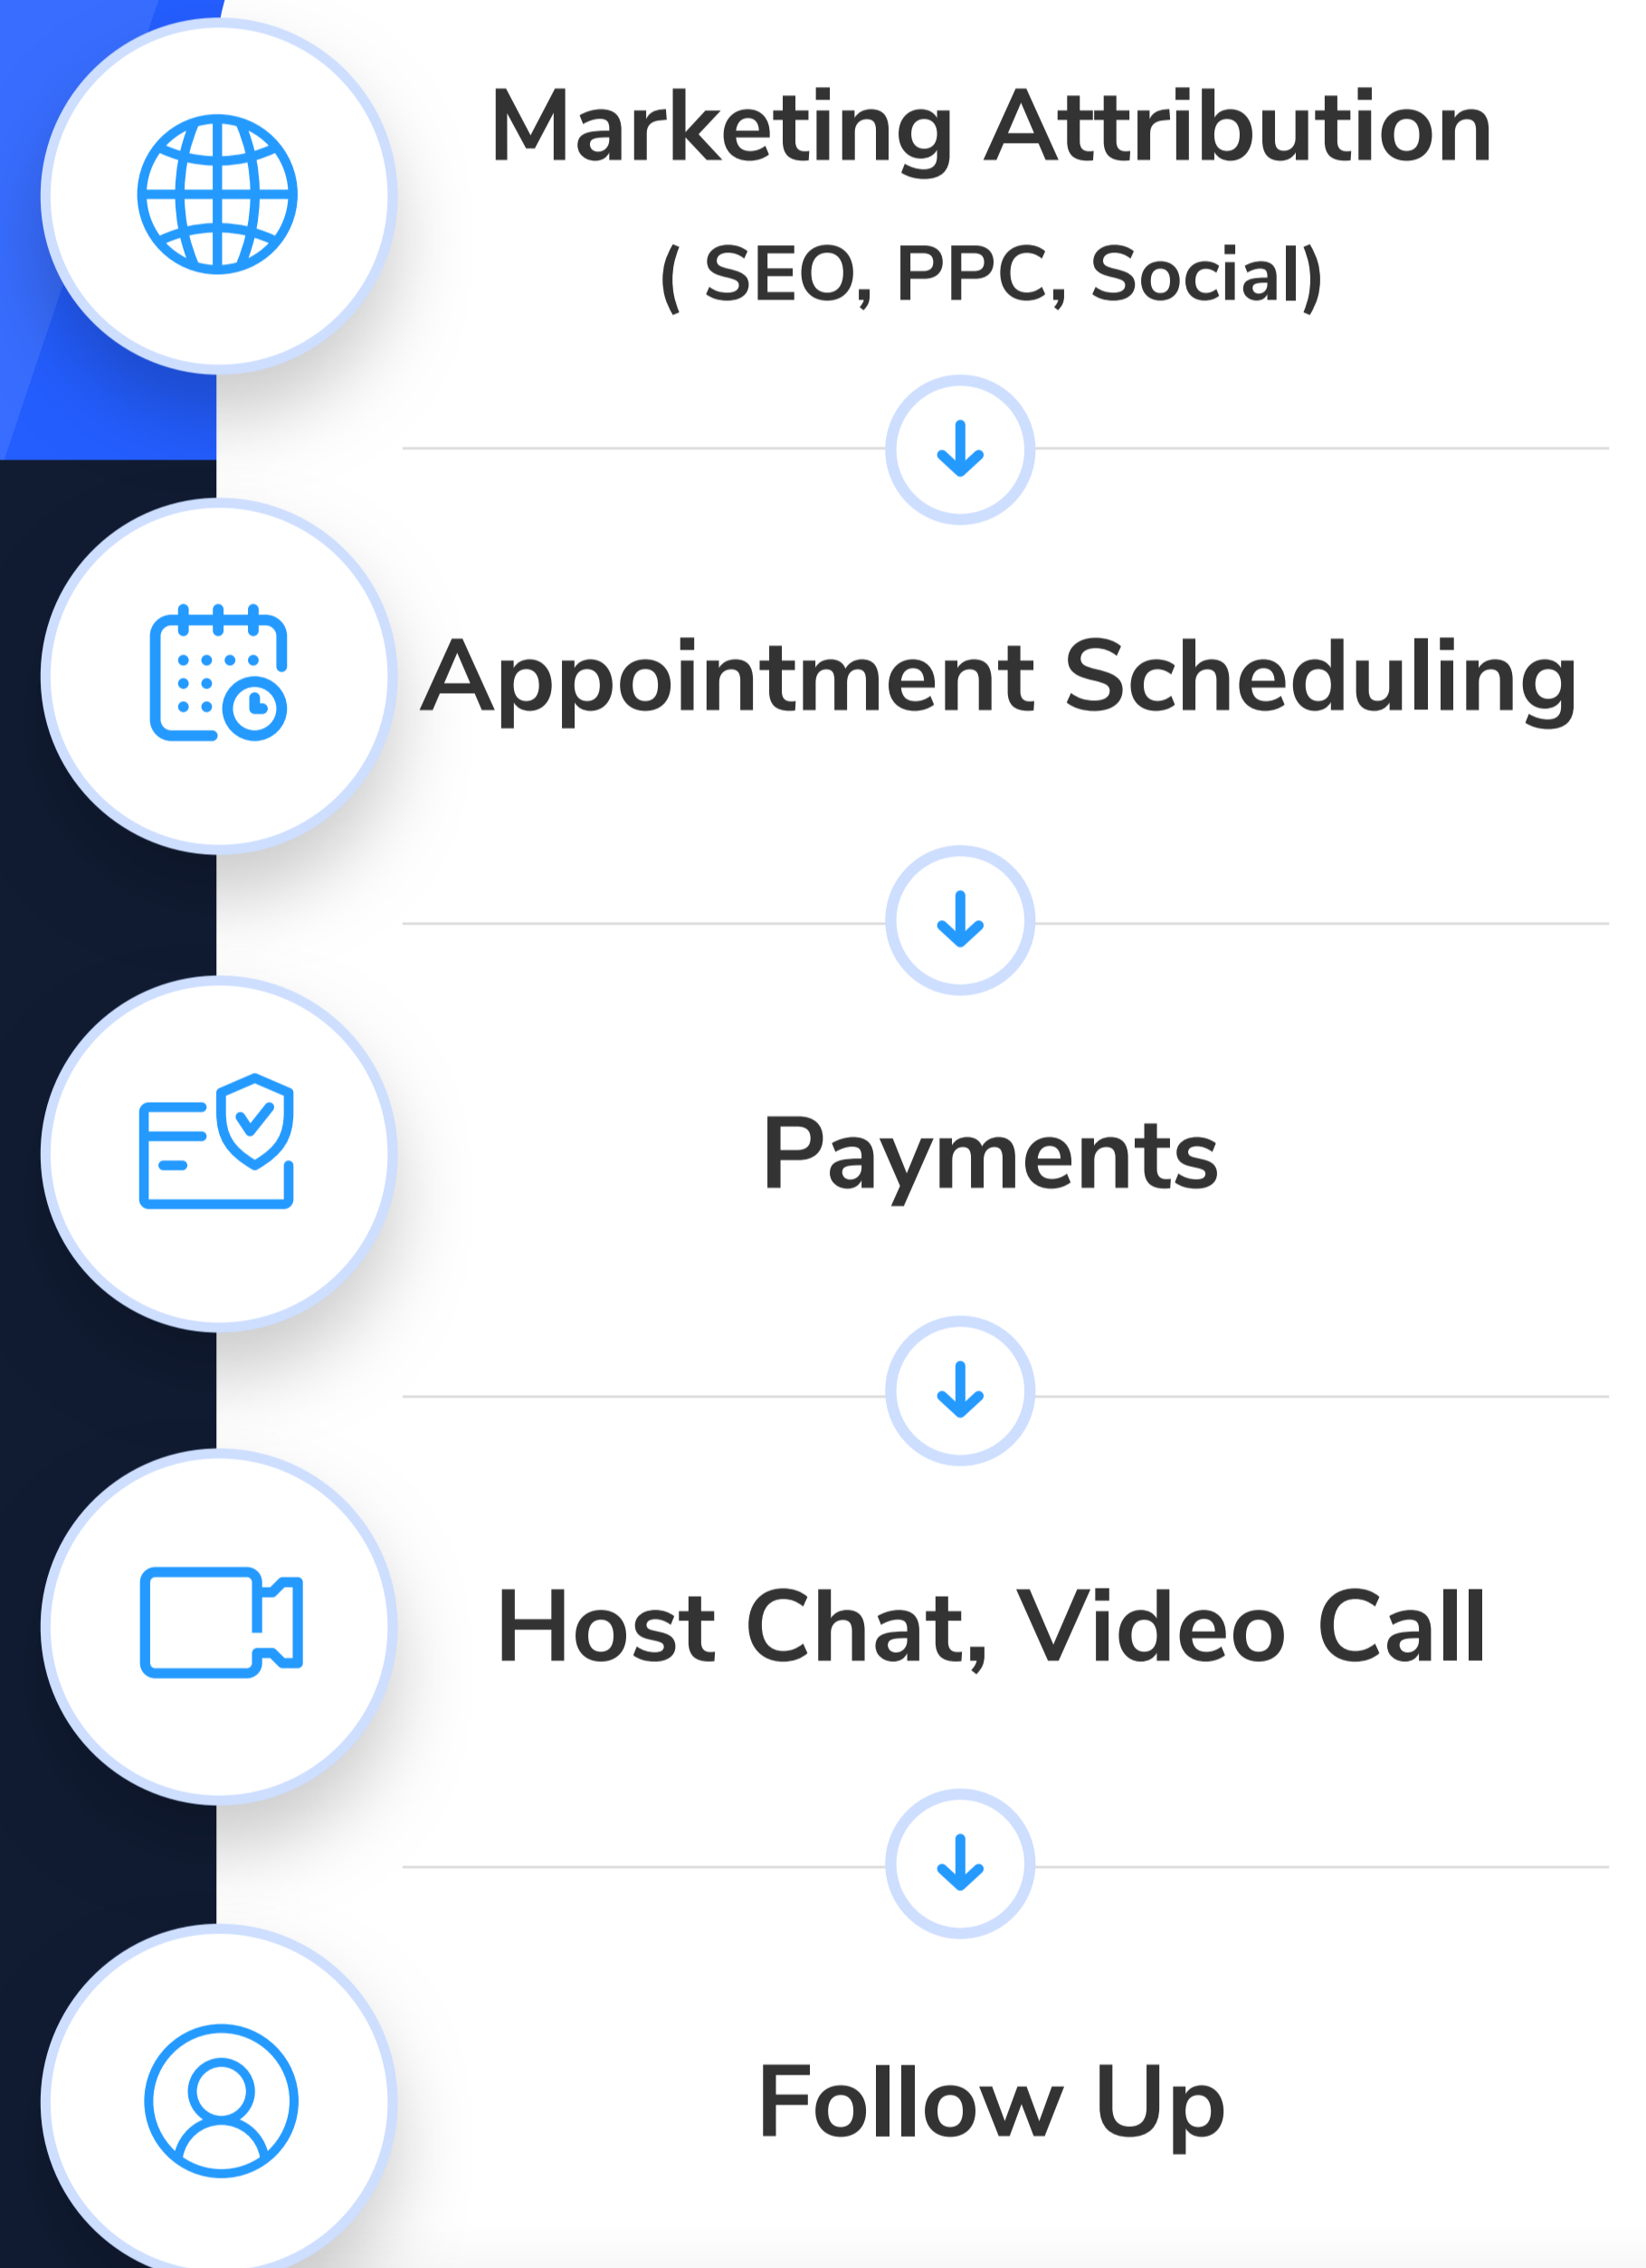

02

Building technology to manage marketing, bookings, calls, chat, and payments can get very expensive.

03

Current solutions are incomplete and do not provide consistent branding.

## Solution

## For service providers

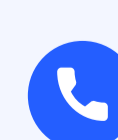

- ⚙️ Customizable web presence for better marketing
- ⚙️ Complete online and offline appointment management
- ⚙️ 1:1 video/audio/text consultation modes
- ⚙️ Track payments, business analytics, and accounting

## For service seekers

- ⚙️ Find experts and book appointments
- ⚙️ Schedule or request instant consultations
- ⚙️ Request instant consultation or schedule one
- ⚙️ Pay consultation fees online and review their service
